## ПРЕДИСЛОВИЕ

Волостные правления учреждены на основании царского указа "О разделении казенных селений на волости и о порядке их внутреннего управления" 7 августа 1797 г. как органы сословного самоуправления казаков и казенных крестьян.

После реформы 1861 г. стали также органами крестьянского управления для крестьян, вышедших из крепостной зависимости.

Являлись дополнительным административно-полицейским звеном, облегчавшим сборы налогов, выкупных платежей, осуществление государственных и земских повинностей, комплектование армии, разрешение поземельных споров.

Установить дату организации Шабельникского волостного правления по документам фонда невозможно из-за их несохранности.

Одно сохранившееся дело поступило из Киевского облгосархива 4 ноября 1976 г.

В 1988 г. в связи с необходимостью замены рукописного текста описи на машинописный, уточнением описательной статьи, составлением предисловия проведено усовершенствование описи. В графе 5 описи количество листов в деле не указано, т.к. листы в деле не пронумерованы и отсутствует заверительная записка. Недействующая опись занесена в новую как дело № 1.
